Applied Behavior Analysis Services

*Holistic and Multicultural
Counseling and Therapeutic Services
for Adults, Children and Families
in Their Community*

Enhancing Lives

MIND ~ BODY ~ SPIRIT

In Home Applied Behavior Analysis Services

Our goal is to provide a comprehensive array of Therapeutic Youth Development programming.

Our center base groups are an exciting and critical way to advance social skills, day living, life skills and communication skills.

Development of Behavior Support Plans

- Collaborative Care

Our services include collaborating with all services providers and healthcare providers.

- Parent Training

We work with our all caregivers in their homes and in our center to provide training of Applied Behavior Analysis (ABA) and ways to use this knowledge in everyday situations. Center based parent education groups provide the opportunity to make connections with other parents in your community.

- Other Therapy Services in conjunction with ABA Services Speech Therapy Our speech therapist creates programs to facilitate communication, provides one-to-one services.

Occupational Therapy Services are available based on need and completes the initial evaluation, provides one- to- one services, makes appropriate recommendations and

- Social Skills Training.

- Our center based programs combine similar age and developmental levels to target essential social skills and peer training with similar-aged peers.
